Miscellaneous Information

On May 11th, 2022 Berman, her husband and their 9 year old daughter checked into the casino resort, located in Mt. Pocono, and left the minor child unattended in the third-floor hallway of the resort while Berman and her husband went to the casino and onto the gaming floor. The child proceeded alone back to the hotel room on the third floor. The minor child later exited the hotel room and sat in the sitting area, then returned to the hotel room and did this multiple times before leaving the hotel room and taking the elevator down to the main lobby and met with Berman. She again left the child unattended on the third-floor. This pattern continued until May 12th, when Security, PGCB and PSP went to Berman's hotel room and had them check out the next morning. A review of surveillance footage showed that Berman and her husband left their minor child unattended for 7 hours and 48 minutes over the course of their two and a half day stay. Berman was permanently banned from the casino.
